

FIRST ANNOUNCEMENT

ON 24 AND 25 APRIL 2018 THE INTERNATIONAL CONSENSUS CONFERENCE ON PATIENT BLOOD MANAGEMENT WILL TAKE PLACE IN FRANKFURT, GERMANY.

Patient Blood Management (PBM) aims to optimise the care of patients who might need a blood transfusion. Now an international consortium has taken the initiative to carry out a systematic review of PBM literature on Red Blood Cell Transfusion Triggers, Pre-Operative Anemia and Education, Implementation and Maintenance of PBM. Evidence summaries will be presented to a multi-disciplinary panel and an audience of 250 stakeholders consolidating the available knowledge and concluding on recommendations.

The key stakeholders will be invited and the preregistration for the remaining seats will be opened soon. We will keep you informed.

We look forward to a successful event and hope you will attend as well.

Kind regards,

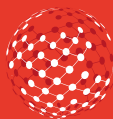

Prof. Dr. med. Dr. h. c. Erhard Seifried

Chair of the Scientific Committee

24 & 25 APRIL 2018

International consensus conference
on patient blood management
